

**Home learning idea 24<sup>th</sup> March 2017**

Next week we are going to be writing stories. It would be great if your child could start to think of some great story ideas at home over the weekend in readiness.

I am attaching two story planning sheets. Your child may like to try one or the other or map out the story on a plain piece of paper and draw and label the characters, what happens to them and how the story ends.

We are sure you will have fun thinking up great ideas and drawing upon all the knowledge they have learnt from our topic on fairy tales and fantasy worlds. Think of characters you might meet when you realise you can fly. Think of the problem or dilemma (the wolf, the troll, the witch, the dragon, the mean fairy) and think of an ending.

The story starter is:

*One day I realised I could fly .....*
