

SPRING HOMEWORK PASSPORT – LOWER DART

<p>Do a bit of research first then make:</p> <p>An Egyptian statue and/or An Egyptian Mummy (with an Egyptian coffin) and/or A Pyramid and/or Egyptian weapons / armour and/or A model of a scarab and/or mask for an Egyptian pharaoh</p>	<p>Do some more research, then:</p> <p>Create your own new Egyptian God or Goddess and make model of it and a fact file.</p>	<p>Research your favourite pharaohs and write 101 facts about him/her/them (or ten at least!)</p>	<p>Design and make a 2d/3d meal for an Egyptian mummy for them to take into the afterlife.</p>
	<p>Create an ancient Egyptian themed board game.</p>	<p>Create an Ancient Egypt activity booklet.</p>	<p>Design and make some ancient Egyptian-style clothing for your favourite toy/doll</p>
	<p>Write a poem about the ancient Egyptians. Best copy it and illustrate it.</p>	<p>Draw a pyramid and show how it might have been built and who would be working on, in and around it.</p>	<p>Make an Egyptian-themed word-search and/or crossword</p>
		<p>Write an Egyptian story or adventure story.</p>	<p>Draw, paint or sew an Egyptian style picture.</p>

Maths Challenges: 1) Go shopping or plan a shop and use your money skills to add up a few items (bonus - what change did you get from £5/10/20 notes. 2) Play ANY board game with your family and write in your HW book what you played and which maths skills you used. 3) Play 'Dicey Digits' with your family. 4) Play 'Buy one get three free' (times tables) with your family. 5) Find a TASTY recipe you like and cook/make it with your family (cakes/cookies included!). What maths skills have you used? For all of the challenges use your homework book to show / draw / put a photo in of what you have done!

Dear Mums, Dads, Carers and Lower Dart Children.

I hope you like this new homework passport - the children chose all of the tasks on it. It is aimed to give you lots of options for interesting things to do together. You can pick and choose which ones you do, **IN ANY ORDER. PROVIDING THAT:**

- 1) You do **at least ONE item each week**
- 2) Before half term you should have done at **LEAST 2 maths and 2 non-maths** options.
- 3) Please **hand in** what you have done on **THURSDAY EVERY week**, so we can get it back out to you for Fridays. NB the maths is the same - please continue to practise! I will hopefully get some Abacus games back out to you soon.

You can do as many as you like - all of them if you want to! (Rewards aplenty for anyone who does excellent work and/or more than the minimum.)

NB: you should also be reading together every day for at least 10 mins! Please

Dicey Digits – You'll need some dice!

Take it in turns to make a 2, 3, 4 or 5 digit number. **Say** the number and partition it. Extension – what is the smallest / largest number you could make with these digits? E.g. You rolled 3, 5, 1 → 351 Three Hundred and Fifty One → partition = $300 + 50 + 1$. Largest: 531, smallest 135. Repeat for about 10 minutes.

Buy one get THREE Free! You will need 2 dice.

- 1) choose a times table to practise (up to 12×12)
- 2) roll the dice – e.g 3 and 4.
- 3) add them together ($3+4=7$)
- 4) now do 7 x your chosen times table. E.g. if you chose 3 times table: $3 \times 7 = 21$.
- 5) now you get the FREE facts: $7 \times 3 = 21$, $21 \div 3 = 7$ and $21 \div 7 = 3$. Write these out. Practise for as long as you can and for as many times tables as you can. Hint: write out the answers first to help you practise!
