No. 16 15th January 2016

The Opening of The Atrium

This morning Liberty, Jonathan and I attended the official opening of The Atrium. We met lots of important people who were involved in the design and construction of the building. We also met Brett

Butler-Smythe from The Apprentice 2016. We were given a tour of the building by one of the students and learnt a lot about the way that the school is run.

Library Assembly

On Monday morning the librarians and Emma Perrett gave a presentation in assembly about the renovation of the new library. To start making links with the Atrium, six of their students and a teacher attended.

We hope to work closely with The Atrium in future construction and renovation projects. We also had a Friends and Governor representative come along to watch the presentation. Please come in and look at the mood board on the library or visit the website to have a look at the Powerpoint from the assembly. Friends have raised the money for the renovation and are also donating towards the costs of new books.

However, we still need to raise some more funds for books, so look out for upcoming events.

Parent Workshop

We would like to welcome you to our Parent Workshop on the 21st January from 5- 6.30pm. There will be half hour workshops to choose from: Mastery in Maths, Grammar, Early Years Phonics and Residential trips. We look forward to seeing you next Thursday.

Snow Procedures

Following the overnight snow and ice, we would remind parents that we will post a 'delayed start' or 'school closure' notice on the school website and Devon Radio will be notified. If you are at all unsure about school being open, please delay your trip and contact school before starting out.

In the event that we have to close school during the day when there is heavy snow, we will ring parents to ask them to collect children. Please come to school immediately, as the roads around Widecombe can quickly become impassable. Please ensure that we are kept up-to-date with your contact details.
