

18 January 2019

Dear Upper Dart Parents,

Upper Dart Dissection Lesson

On Monday 21st January, as part of our science topic 'Animals including Humans' the children in Upper Dart will have the opportunity to participate in the dissection of a pig's heart. They will work in small groups and will be given the option to actively participate in the dissection or just observe. This will be a fantastic opportunity to really bring anatomy to life.

If, for any reason, you do not want your child to take part, can you please contact Mrs Low, by phone or email, before 9am on Monday morning.

Yours sincerely,

Mrs Reynolds
