Dear Parents/Guardians

I was lucky enough to attend Webburn woodlanders this week and what a great time the children have there in the woods. They had a letter there waiting for them from the squirrels who wanted to learn their numerals. The children had a great time finding and making numbers outdoors.

It was a bright and beautiful autumnal day and despite the sun shining it was still very chilly under the trees. Some of the children got very cold. So, from first-hand experience please can you ensure that children are well dressed and wrapped up warm with layers for Wednesday mornings.

The children and I talked afterwards about wearing tights/leggings/long johns underneath trousers. Thick socks to ensure our feet stayed warm in wellies. We talked about layers starting with vests, long sleeved t-shirts, fleecy jumpers, fleecy jackets and a wind stopper/waterproof. Mittens, scarves and hats. Also the waterproof trousers and all-in-one suits really do make a difference.

All these layers make for one busy classroom on their return so please also ensure everything is clearly labelled, even hats, mittens and wellies. Could you also provide your child with a large bag to hold it all in when they are not wearing it back at school. This will really help to organise us all.

Many thanks in advance

Anna Perry & Webburn team
