

Webburn Home learning February 2017

Wow what fabulous half term diaries we had returned to school this week. The children were proud to share them with the class. Come and have a look at them on display in Webburn. This is just a reminder of some of the things your child/ren could be doing at home to tie in with our topic. We have seen a few castles and Fairy Tale projects in school and we have also been lucky enough to see photos of trips to castles around the country. A super effort from the class. Here is the list of ideas again to remind and inspire you.

Make a Fairy Tale castle

Design and make a crown

Make and decorate a wand

Weigh/measure ingredients for a magic potion

Plant your own beanstalk and keep a diary of it

Draw a story map of your favourite Fairy Tale, label it and give it a key

Do some research on castles

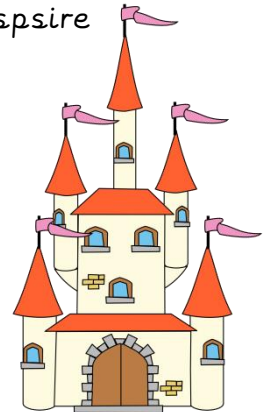

Visit a castle

Keep a log of all the Fairy Tales you read at home

Write a book review of a Fairy tale or fantasy story.

Make up a song or a dance to do with a story and perform it to us.

Make some porridge like the three bears, bread like the Little Red Hen or a gingerbread man.

Have fun ☺
